義联集團 经营理念
Management Philosophy of E United Group

燁輝企業 经营方针
Yieh Phui Enterprise Mandates

创造利润

利润是企业生存的基本条件，为客户提供更多，更佳之获利条件，以回馈社会，并为公司争取更多的利益，以分享员工与股东，均为烨辉/烨辉（中国）全体员工一致努力的方向。

精益求精

创新改善是企业进步的原动力，秉持『没有最好，只有更好』及『专业是我们的优势，质量是我们的荣誉』之理念，在产品品质、效率、成本与交期上追求完美，提供客户更好之服务，不断地进步，是我们一向之目标。

赢得信任

诚信是企业商誉的第一要求，不仅要赢得客户、消费者对烨辉/烨辉（中国）全部信任，更要赢得股东与员工对公司充分之信心，此为本公司一贯之理念。

Creating Profit

Profit is the basic condition for corporate survival, Yieh Phui and Yieh Phui (China) are both dedicated to create more and better profit conditions for customers, in order to make profits and contribute to society.

Continuous Improvement

Making improvements is the main drive of corporate progress, in order to achieve perfection in quality, efficiency, costs, delivery time and service, we must uphold these mottos: " There is No Best, Only Better " and " Professionalism is Our Strength, Quality is Our Pride".

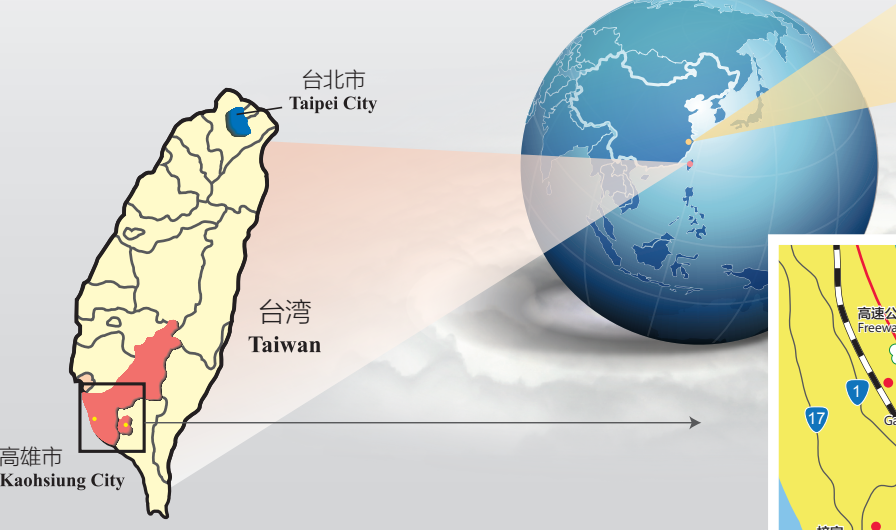

Building Trust

Integrity is the priority of business reputation, not only for gaining customer trust but also building employee and shareholder confidence.

回顾烨辉企业当初创立的动机，乃是创办人－林义守先生有感于八十年代中期，台湾地区的经济结构、消费概念及环保意识已渐有改变，国民年所得增长率更趋显著，人民的生活水平与对生活环境的要求也日益提升。环顾当时钢铁产品的项目中，唯独热浸镀锌钢卷及烤漆钢卷，因具有防蚀性、施工容易、表面美观、使用寿命长、维护费用低廉及可回收使用等优点，成为较能符合此一时代要求之钢品，故在规划之初，即朝将烨辉企业建设为国内最大之一贯作业表面处理钢板专业制造厂，并确立要购买全球最先进设备，以确保产品质量及生产效率皆可维持在最佳的状态。

创办人 **林义守**
Founder **L.S.Lin**

烨辉从1988年开始建厂以来至2000年第四期扩建完成，共拥有二条酸洗线、四部冷轧机、四条连续镀锌线及三条连续烤漆线，年产能有100万吨以上，所生产之热浸镀锌、镀铝锌及烤漆钢卷，具有尺寸最完备、产品最齐全的竞争优势，可满足客户一次购足的需求。烨辉无论在产量、质量控管或产品创新开发方面，在产业界也一直保持着技术领先的地位，为台湾、中国大陆及东南亚地区最先进、最具竞争力之全制程镀烤钢品专业制造厂。

因着眼于大陆经济发展，由烨辉100%投资，于2002年1月在中国大陆设立欣瑞科技材料有限公司(2006年10月更名为烨辉(中国)科技材料有限公司)，在历经五阶段扩建后，共计兴建完成一条酸洗、二座冷轧机、四条连续镀锌线、三条烤漆线、一条酸连轧线及一条连续冷轧退火线，年产能达130万吨以上，产品主要供应中国大陆广大之汽车、家电用途及高端建材市场，产品质量深受客户肯定，成为大陆地区知名品牌。

烨辉(中国) 董事长 **张永芳**
YIEH PHUI(CHINA) Chairman
Yung-Fun Chang

基于集团企业的资源整合与发展，烨辉于2003年3月并购原烨兴企业之钢管厂、冷轧钢板厂，而后基于全球钢管市场之经营发展，于2011年3月将钢管事业部门独立成立鑫阳钢铁股份有限公司，专营直缝碳钢管之制造及销售，不论结构用、家具用钢管或石油管线均是台湾产量最大之钢管制造厂；2005年8月整并子公司联钢重工，产品及服务涵盖钢结构之制造、安装及运搬起重机械、天车之设计、制造及安装与工检，为台湾生产规模最大、少数具备天车及货柜起重机设计能力之机械制造厂商。

烨辉企业不断创新发展之各类钢铁产品应用，与一般大众的生活密不可分，因此在经营上除了获利、成长之目标外，更要担负起对自然环境、社会及大众之永续责任。烨辉企业秉持义联集团「创新、成长、责任、永续」之经营理念，在台湾这块土地生根并持续成长，希望产业先进、旧雨新知能继续协同合作、共创美好之生活及未来。

In the mid-1980s, personal income began to rise owing to the changing of Taiwan's economic structure, consumption pattern and eco-awareness, hence people are looking for a higher standard of living. Among all steel products of the time, coated steel products feature lower installation costs, lower maintenance costs, excellent durability, multi-application and recyclability, which created market opportunities for business growth. Therefore, to adapt to this trend, Yieh Phui has been founded by E United Group founder Mr. I-Shou Lin, set to become the largest coated steel manufacturer in Taiwan, with state-of-the-art equipment to ensure maximum capacity, superior efficiency and quality for its products.

烨辉(中国) 总经理 **程志坚**
YIEH PHUI(CHINA) President
Chih-Chien Cheng

Since founded in 1988, to the completion of phase four expansion in 2000, Yieh Phui has now possessed of 2 pickling lines, 4 cold rolling mills, 4 hot-dip galvanizing lines and 3 coil coating lines with annual capacity over 1 million metric tons, providing a variety of coated steel products to achieve one-stop shopping for customers. In terms of production technology, product quality and innovation, Yieh Phui has always maintained a leading position in the industry, which made Yieh Phui became the most competitive independent coated steel manufacturer in Taiwan, China and Southeast Asia.

In order to focus on China's economic development, Yieh Phui has invested and held 100% shares of "Sino Leading Technomaterial Co., Ltd." in January 2002 in China. (Sino Leading has been renamed "Yieh Phui (China) Technomaterial Co., Ltd." in October 2006.) After a five-phased construction, Yieh Phui (China) now has now possessed of 1 pickling line, 2 cold rolling mills, 4 hot-dip galvanizing lines, 3 coil coating lines, 1 pickling and tandem cold mill and 1 continuous annealing line with annual capacity over 1.3 million metric tons, providing coated steel products for automobile, household appliances and high-end building materials. Yieh Phui (China)'s product quality has been highly-praised, which made it a prominent brand in China.

Due to resource integration and development of group enterprise, Yieh Phui has acquired 2 steel-pipe mills, 1 sheet shearing mill and 1 cold rolling mill from Yieh Hsing Corporation in March 2003 to establish steel pipe business division. After that, for the consideration of operational strategies, Yieh Phui spun off its steel pipe business division into a new company: Shin Yang Steel Co., Ltd. in March 2011, specializing in welded carbon steel pipe manufacturing and sales for structural, furniture and API casing, with the largest steel pipe capacity among other manufacturers in Taiwan. In August 2005, Yieh Phui via a merger of Lien Kang Heavy Industrial Co., Ltd. has established engineering business division. The Luzhu Plant specializes in steel structure manufacturing and installation of skyscrapers, factory buildings and bridges. The Yanchao Plant specializes in crane designing, manufacturing and inspecting, which is the largest crane manufacturer in Taiwan.

Yieh Phui dedicates in innovating product applications to fulfill corporate social responsibility, not just focusing on profits and growth. Yieh Phui concerns more about eco-sustainability and public welfare, and in order to do so, we must uphold the group enterprise's philosophy: Innovation, Growth, Responsibility and Continuity. Yieh Phui shall continue to focus on local development and cooperate with fellow pioneers and newcomers in the industry to shape a bright future.

烨辉为确保所产制之钢卷达到客户之使用要求，除建立一套完整、严密之质量管理体系外，更不惜投下巨资，配合最新式之生产设备，购置各种精密之试验检测仪器，作为制程解析回馈改善之用，并设立技术部，提供客户售前、售后服务以达到质量保证之目的，并提供研究发展之需。

并为强化烨辉之品保制度，特于 1993 年 4 月向日本通商产业省申请镀锌与烤漆钢板两项产品之日本工业规格表示（JIS MARK）承认工厂，同年 8 月正式通过，成为在最短时间内取得认可之工场。且于 2009 年 8 月取得新制镀锌钢卷「JIS MARK 表示制度」之认证。1999 年 11 月取得 ISO 9002 质量管理体系验证通过（现已改为 ISO 9001），并于 2007 年 6 月取得 HSPM IECQ QC080000 有害物质制程管理认证，是全球首家取得符合欧盟 RoHS 指令管理之钢铁公司。另于 2009 年 2 月分别取得新加坡 BC1 之 BC1 工厂生产管理认证，及 2009 年 4 月取得印度尼西亚国家 SNI 镀面产品认证，2010 年 10 月再取得马来西亚标准（MS）之镀锌钢卷验证，2012 年 3 月分别取得中华民国标准检验局之热浸镀锌、热浸镀 5% 铝锌合金、热浸镀 55% 铝锌合金、烤漆热浸镀锌、烤漆热浸镀 5% 铝锌合金、及烤漆热浸镀 55% 铝锌合金钢片及钢卷之 CNS 正字标记。2014 年 12 月抗菌环保镀面钢板通过经济部工业局奈米标章产品验证。

检测试验室于 2015 年 9 月通过财团法人全国认证基金会（Taiwan Accreditation Foundation, TAF）认证，并符合 ISO / IEC 17025 检验实验室认证。由此可以证明烨辉产品之精良及品质保证作业体系之完整严密。

另烨辉（中国）系以烨辉企业的生产技术经验而规划兴建，设备新颖，拥有世界知名厂商之最新式设备，并购置最新式之各项检测仪器，加上烨辉严谨的质量管理体系，由优秀人员担任生产管理，于 2007 年 1 月取得 ISO 9001 质量管理体系验证通过，并于 2008 年 10 月取得 HSPM IECQ QC 080000 有害物质流程管理认证，是全球第二家取得符合欧盟 RoHS 指令管理之钢铁公司。另于 2009 年 9 月取得印度尼西亚国家标准 SNI 镀烤钢卷认证，及于 2010 年 9 月取得新加坡 BC 1 工厂生产管理及产品认证，2011 年 6 月再取得马来西亚国家标准 MS 产品验证，亦于 2015 年 3 月取得 ISO/ TS 16949 质量管制体系汽车行业的特殊要求认证，故在质量方面已达到世界一流水准。此外，烨辉（中国）秉承永续发展理念，对产品及生产制程不断进行改进，至 2022 年已获得 41 项实用新型专利。

Yieh Phui has established and implemented a comprehensive Quality Assurance program to ensure the quality of its products meeting customers' requirements. The company has also invested in cutting-edge on-line testing equipment and laboratory facilities for the analysis and improvement of the production processes. The Technology Division provides pre-sales and after-sales services for customers as a step in reaching the goals for its QA program and setting objectives for its R&D program.

Yieh Phui submitted an application for the JIS Mark for its hot-dip galvanized steel and pre-painted steel to the Japanese Ministry of International Trade and Industries (MITI) in April 1993. The JIS system certifies the quality of the material and the comprehensiveness of quality assurance system. Yieh Phui was approved by MITI of Japan, to use the JIS Mark for its hot-dip galvanized and prepainted steel in August 1993, becoming the company to obtain the JIS Mark Certificate in the shortest time. In August 2009, Yieh Phui also registered by ISO 9002 Quality System in November 1999 (replaced by ISO 9001). Yieh Phui has obtained HSPM IECQ QC 080000 Certificate in June 2007, becoming the world's first steel mill to obtain the certificate applicable to the EU RoHS Directive for the management system of coated steel. Yieh Phui has obtained the factory production control certificate requirements of Singapore BC1, and Indonesia Certificate SNI for coated steel in April 2009. In October 2012, Yieh Phui acquired Malaysian MS for coated steel. Besides, In March 2012, the company received CNS 12681/ISO 9001 for hotdip galvanized steel coils, hot-dip 5% Al-Zn coated steel coils, hot-dip 55% Al-Zn coated steel coils, prepainted hot-dip galvanized steel coils, prepainted hot-dip 5% Al-Zn coated steel coils, and prepainted hot-dip 55% Al-Zn coated steel coils from Bureau of Standards, Metrology & Inspection (BSMI), MOEA, R.O.C. Yieh Phui Anti-Microbial Metallic Coated Steel Sheets passed the nanoMark certification and acquired the certificate from Industrial Development Bureau, MOEA, in Dec. 2014.

YP Testing and Measurement Laboratory applied as accredited laboratory and has been recognized by Taiwan Accreditation Foundation (TAF) in Sep. 2015. The lab also complies with ISO/IEC 17025. This assures Yieh Phui's quality products and advanced process systems.

The quality assurance facilities of Yieh Phui (China) are based on Yieh Phui's technology experiences with progressive testing equipment and quality management system. Yieh Phui (China) was also registered by ISO 9001 quality system in January 2007 and HSPM IECQ QC 080000 in October 2008, becoming the world's second steel mill to obtain the certificate applicable to the EU

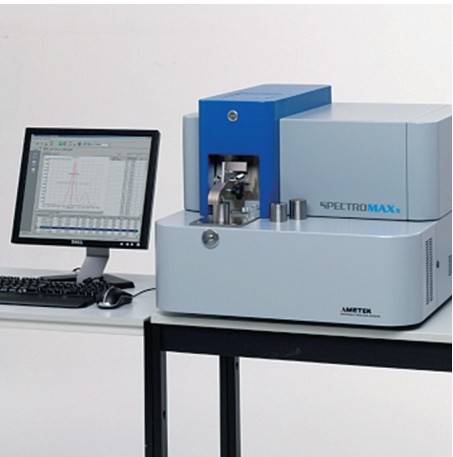

RoHS Directive for the management system of coated steel. Yieh Phui (China) also received Indonesia SNI marking certificates in September 2009. In Sep. 2010 and Jun. 2011, it also acquired Singapore BC1:2008 certificate and Malaysia MS Product Certification Licence for coated steel respectively. In March 2015, it acquired ISO/TS16949 quality management certification which applies to automotive-related products and service. The quality assurance of Yieh Phui (China) has achieved world level. Apart from that, Yieh Phui (China) improves its products and processes without interruption for sustainable development. It has received 41 practical utility model patents in 2022.

烨辉及烨辉（中国）提供员工各项良好福利措施，例如：结婚、生育、住院、丧葬、教育、健康检查及社团活动均有补助，生日及年节均有礼券发放，并为同仁投保优于业界的四大团体保险，分别为员工加值团体保险、员着综合团体保险、员工附加团体保险及二十年期终身保险，作为同仁的优渥福利，以照顾及保障同仁与家庭无后顾之忧，让同仁全心在公司工作。

Both Yieh Phui and Yieh Phui (China) establish an extensive employee welfare program. It not only provides financial support in various areas, such as group insurance, weddings, births, funerals, education, travel, health checkup and various clubs, but also gifts or coupons for employees on birthdays and traditional holidays. In terms of group insurance, Yieh Phui insures its employees and there are four insurances: employee value-added insurance, comprehensive group insurance for employees and their family members, employee added insurance, and whole life insurance—20 years term. The extensive coverage mentioned above protects employees and their family, allowing employees work wholeheartedly.

Yieh Phui abides by the UN's "the Universal Declaration of Human Rights" and other international human rights conventions. It respects employees' basic human rights. The recruitment policy does not contain any discrimination. And proper complaint mechanism is established. Labor management relations are harmonic and communication is smooth. The company endeavors to build up an equal, non-discrimination, and non-harassment workplace. Thus, Yieh Phui was honored in 1993 with receipt of the "Outstanding Labour Welfare Award" and the "Outstanding Labour Educational Award" from the Labour Council of the Executive Yuan. Additionally, in March 2008, one of the renowned magazines in Taiwan, CommonHealth, bestowed the potential company of 2008 Happy & Healthy (LOHAS) Company Award on Yieh Phui (Top 6). 1628 companies participated in the contest. Besides, Yieh Phui vigorously joined in the smoking cessation service program held by the Department of Health, Kaohsiung City Government during 2016~2019 and evaluated as an excellent workplace for smoking cessation. In 2021, Yieh Phui was awarded "Corporate Health Responsibility (CHR) Healthy Corporate Citizen Silver Award" by CommonHealth magazine.

During 2018~2022, Yieh Phui was awarded "the Certificate of Talent Quality-management System (TTQS)—Enterprise Version, Gold", it was also awarded the National Talent Development Awards (NTDA) Outstanding Practices Award in 2021. Yieh Phui has established a comprehensive talent training system: courses for new recruits, professional skills trainings, management competence trainings, self-development trainings, subsidies for employees' further education (bachelor/master degree), trainings for professional verification skills and entitlements, outside trainings fully-paid by the company, and specific & transparent promotion system.

In order to promote healthy diet and recreational activities to release stress and enhance physical function, Yieh Phui not only encourages its employees to form clubs, but also sets up the Health Management Centre. With professional gymnastic equipments, guidance from the coach and professional curriculum arrangement, Yieh Phui hopes to improve and enhance employees' physical condition. Furthermore, Yieh Phui has contracts with many stores that offer the special shopping discounts to employees. Since 2010, worked with E-Da Hospital, the "Comprehensive Health Management Planning & Service for Employees" has been implemented. A health coordinator from the hospital helps arrange doctor consultation and contacts/observes the target employees, who have diabetes, high cholesterol, or high blood pressure, at regular intervals. By doing this, we expect the employees pay more attention to their health conditions. Medical news and health-related information on "Yieh Phui Health and Recreation" website are also updated from time to time. Moreover, in order to thank staff for dedicating themselves to their work in the company, Yieh Phui hopes that they can be perfectly healthy upon retirement, and enjoy their life afterwards. In March, 2009, Yieh Phui implemented the perfectly healthy retirement program to assist staff with retiring healthily.

烨辉企业遵循《联合国世界人权宣言》等国际人权公约所揭示原则，尊重员工基本人权、雇用政策禁止任何形式歧视行为，并设有适当申诉机制，劳资双方之沟通、合作良好，致力营造平等任用、免于歧视与骚扰之工作环境，故在1993年度荣获行政院劳委会颁发之「劳工福利优良单位」及「劳工教育优良单位」、2008年3月更在台湾荣获健康杂志举办之第一届乐活（LOHAS）企业选拔，在1628家台湾企业中，荣获最佳潜质企业奖（第六名）等殊荣。2016~2019年期间积极参与高雄市政府卫生局职场戒菸服务竞赛，经评选达职场戒菸服务绩优单位。2021年获选健康杂志「CHR健康企业公民银奖」。

2018~2022年期间除荣获人才发展质量管理体系（TTQS）金牌认证，更于2021年荣获国家人才发展奖（NTDA）杰出个案奖。烨辉企业建置完善的人才培训制度：新进人员教育训练、部门专业职能训练、管理职能训练、自我发展训练、员工进修学/硕士补助、专业认证训练及津贴制度、公费派外训练及明确且公开的升迁制度。

为提倡员工全面性健康饮食及休闲运动，以纾解工作压力并强健身体机能，除鼓励员工成立社团外，另设有健康科学管理中心，以专业健身器材配合指导教练，安排专业课程，以达到强健身体、改善体质机能之效。与各行业厂商签订特约协议，提供员工多方面优惠厂商选择。并自2010年起与同属义联集团的义大医院合作推动『企业员工整体性健康管理规划暨服务』以广泛照顾同仁身体之健康。主要服务是由健康管理师依据体检异常项目做三高（高血压、高血糖、高血脂）族群之健康管理，安排职医门诊咨询及定期关怀追踪，使同仁可以更注重自身健康状况，并随时更新健康休闲网站之最新消息及活动讯息，让同仁便于得知相关医护信息。鉴于希望同仁在公司辛苦工作奉献一辈子后，能健康康地退休，享受退休后之生活，更在2009年3月推动「烨辉企业健康退休活动」，期许烨辉员工健康康退休。

环境与职业安全卫生宣言

DECLARATION FOR ENVIRONMENT, OCCUPATIONAL SAFETY AND HEALTH

善尽社会责任，工安环保绝不妥协

Fulfilling corporate social responsibility ; never compromising over occupational safety & environmental protection.

烨辉在建厂规划之时，为台湾地区环保概念抬头的阶段，当时工厂建地之取得已渐渐困难，环保纷争也日增，为了免于日后正式营运时因环保问题而遭困扰，所以一开始即设立专责单位负责环保管理工作，对各类污染行为实施监控或定期检测，以确保符合国家排放标准，并不断投资防治污染之设备与技术。烨辉购置生产设备时即一并购入污染防治设备，主要有购自奥地利RUTHNER之废酸回收设备，除可将废酸液回收再生循环使用外，又可获得氧化铁粉副产品；并购置美国知名品牌MEGTEC之蓄热式焚化炉（RTO），此设备不但对于挥发性有机物具有很高的去除效果，本体陶瓷材蓄热的功能更可达到节能减碳的效果。另独立设置完善的废水处理场妥善处理废水。对于其他废弃物则实施分类处理，并委托由环保机关核可之专业处理机构执行清运，同时定期予以访查以掌握废弃物流向。烨辉更以「地球公民」为使命，持续推动ISO 14001环境管理系统、工业减废，并积极参与产业发展署等政府机构合作进行厂内温室气体盘查及各项节能减碳项目以降低温室气体排放量，于2009年8月取得DNV立恩威国际验证机构查证之ISO 14064-1:2006温室气体盘查查证声明书，并于2009年11月获经济部工业局颁发温室气体自愿减量绩优厂商奖，烨辉企业领先全球钢铁同业，于2010年9月率先提出全球热浸镀烤钢卷专属之产品类别规则（Product Category Rule，简称PCR），并登录于「全球第三类环境产品宣告网络组织（GEDnet）」。并于2010年12月取得国内钢铁业镀烤钢卷之第一张「产品碳足迹（CFP）」及「第三类产品环境宣告（EPD）」查证声明书。

在职业安全卫生方面，「安全第一」、「安全是我的责任」为烨辉职业安全卫生工作的第一要求，厂内所有作业条件必须符合工安法令之规定外，更大力推动职业安全卫生管理系统，实施自动检查制度、7S整理整顿活动、作业环境改善、机械/设备本质安全、防护器具改善及周全的消防设施等，为全体员工营造一个安全舒适的工作环境，并建立工安道场，办理安卫教育训练，藉由实际体验提升人员作业安全认知，以达成零灾害目标。在个人健康卫生方面，建立员工健康管理制

度，每年实施健康检查，定期追踪员工健康状况，并定期举办健康讲座、社团活动等，促进员工的健康。并落实安卫环教育、提升员工环保及安卫意识，使其制度化并融入全体员工的工作精神中。

烨辉本着「地球只有一个」的理念，在环境保护与职业安全卫生上不断努力，将维护工安环保责任与公司成长视为同等重要，并承诺「善尽社会责任，工安环保绝不妥协」之环境与职业安全卫生宣言，以达成永续经营目的。烨辉（中国）亦本着烨辉经营理念，设计完整的环境保护及工业安全之各项设备，充分达到中国政府对环保及工安之要求。

在全体同仁的不断努力下，烨辉分别于1991年获得经济部及中华民国全国工业总会防治工业污染绩优厂矿奖、1992年环保署「第一届中华民国企业环保奖优等厂商」以及1996年荣获行政院经济部「节约能源绩优厂商」、1997年专责人员获得行政院环保署「优良环境保护专责人员奖」等殊荣，但我们并不以此满足，为达成持续改善环境及提高安全卫生的目标，更于1997年通过国际环境管理系统ISO 14001验证、1998年通过DNV立恩威国际验证机构职业安全卫生管理系统OHSAS 18001验证，此二成就均为台湾地区第一家取得此一验证之钢铁公司，后于2020年取得ISO 45001取代原有OHSAS 18001职业安全卫生管理系统，2001年通过劳委会劳动检查所「事业单位安全卫生自护制度评鉴认可二年荣誉标志」，2011年通过台湾职业安全卫生管理系统（TOSHMS）验证及获行政院劳工安全卫生研究所颁发「优质职卫」奖牌，2014年12月通过SGS台湾检验科技股份有限公司ISO 50001能源管理系统验证，借以强化公司整体能源管理工作、提升能源使用效率。烨辉（中国）亦于2008年7月通过ISO 14001验证OHSAS 18001验证。烨辉及烨辉（中国）将持续努力以做到最好为目标。

烨辉于2014年10月首次对外发布2013年度企业社会责任报书，之后每年均透过公司官网以报告书之形式向各利害关系人及社会大众报告。并于2015年获选进入证交所公司治理评鉴结果、流动性与财务指标筛选出之「台湾公司治理100指数」成分股，钢铁业仅2家获选，实现烨辉对企业社会责任之承诺。

Environmental protection was taken into consideration in the programming stage of Yieh Phui's construction projects. In order to avoid interruption of operation, a special team was established to be in charge of environmental protection related subjects. In order to comply with national standards, Yieh Phui has invested in equipment and technology for pollution abatement or monitoring. An Acid Regeneration Plant, purchased from Ruthner, Austria, is one of the major pieces of pollution abatement equipment in which Yieh Phui has invested. It recycles the acid from the pickling line for reuse and produces ferrite as a by-product. Another piece of abatement equipment is the Regenerative Thermal Oxidizer (RTO) which was purchased from MEGTEC, the United States. This RTO unit is particularly effective in decomposing volatile organic compounds; additionally, with the ceramic heat media, it is much effective in CO2 reduction. An independent Waste Water Treatment Plant is another piece of abatement equipment designed to treat waste water. Other wastes are separated, sorted, and then turned over to Environmental Protection Administration approved institutions for disposal. Yieh Phui continues to implement ISO 14001 environmental management system and waste minimization practices. Moreover, it closely cooperates with Industrial Development Bureau Ministry of Economic Affairs and other governmental institutes to conduct in-house greenhouse gases inventory and reduction plan. In August 2009, Yieh Phui obtained ISO 14064-1:2006 (the Verification Statement of Greenhouse Gas Assertions) issued by DNV and was awarded "Greenhouse Gases Voluntary Deduction Award" by Industrial Development Bureau, Ministry of Economic Affairs in November 2009. Being the pioneer among rivals worldwide, Yieh Phui proposed Product Category Rule (PCR) specialized for hot-dip metallic coated steel products, and registered on the Global Environmental Declarations Network (GEDnet). In addition, Yieh Phui obtained verifications of Carbon Footprint (CFP) and Environmental Product Declarations (EPD) in December 2010.

For occupational safety and health, "SAFETY FIRST" & "SAFETY IS MY DUTY" are the particular principles and always emphasized. Operating conditions on site should not only meet the requirements of the government regulations, but also ensure further maintenance of a safe and comfortable working environment for the employees. Yieh Phui has executed the Occupational Safety & Sanitary Management System, Self Audit System, 7S Activity, Operation Improvement Plan, safe machines & equipment, Protective Instrument Improvement Plan, state-of-the-art fire extinguish apparatus, etc., with the aim for zero damage. Besides, the "Occupational Safety Lecture Room" is built to provide safety & hygiene trainings via actual simulations in order to increase employees' safety consciousness. For personal health, Yieh Phui has established a health management system—including conducting annual health checkup, tracing employees' health condition, and holding

health lectures and activities on a periodic basis to increase their health. Besides, Yieh Phui educates them about environmental control and safety concepts.

We only have one Earth. The responsibility for environmental protection and occupational safety is as important as company growth to Yieh Phui. It has committed to do its best in these areas as a feedback to the society. Yieh Phui (China) has the same environmental faith as Yieh Phui does. In order to meet China government's regulations, Yieh Phui (China) installs the integrated pollution abatement equipment.

With its team's continuous efforts, Yieh Phui was honored in 1991 with receipt of the "Outstanding Award for Pollution Control" from the Ministry of Economics Affairs of the Executive Yuan and the "1st of the R.O.C. Corporate Environmental Protection Award" in 1992 by the Environmental Protection Administration in recognition of the comprehensiveness of Yieh Phui's environmental protection equipment and programs.

However, Yieh Phui is not satisfied with those past achievements. In order to reach the goal of continuous improvement of environmental and industrial safety, it has been approved as an ISO 14001 Registered Firm in 1997 and OHSAS 18001 Registered Firm of DNV, Norway, in 1998 and has become the first steel company in Taiwan to have such achievements. Afterwards, in 2020, it has been approved ISO 45001, which replaces the original OHSAS 18001 occupational safety and health management system. It also gained 2001 "Voluntary Protection Program Award" of the Council of Labor, Executive Yuan in 2001. In 2011, Yieh Phui passed OHSAS 18001 & TOSHMS certification and was awarded "Excellent Occupational Health Award" by Institute of Labor, Occupational Safety and Health, Ministry of Labor, Executive Yuan. In order to strengthen overall company energy management and maximize energy using efficiency, it passed ISO 50001 energy management system certification by SGS in Dec. 2014. Yieh Phui (China) has been approved by ISO 14001 and OHSAS 18001 Registered Firm in Jul. 2008. To be the best is our final target.

Yieh Phui released its first Corporate Social Responsibility (CSR) report in Oct. 2014 and the annual CSR reports are released on its official website for stakeholders and the society. Based on the results of corporate governance evaluation, the liquidity and financial indicators of the listed companies, the Taiwan Stock Exchange (TWSE) compiled the "TWSE Corporate Governance 100 Index" in 2015. Only two steel manufacturers were selected, and Yieh Phui had the honor to be one of them. These fulfill Yieh Phui's commitment to corporate social responsibility.
